

Aspire Switch 12

Working the way you want

The **Acer Aspire Switch 12** raises the stakes of mobile computing with the pioneering kickstand design and detachable keyboard. The new Intel® Core™ M processor enables responsive performance and low power consumption to speed through all daily tasks.

- Windows 8.1
- Pioneering and stylish kickstand design
- Fast everyday performance
- Five modes operation for ultimate flexibility
- 12.5" Full HD display with IPS technology
- Full-sized keyboard for fast typing

5 MODES

Flexibility to the power of 5

Best flexibility ever

For maximum productivity, the keyboard turns the **Aspire Switch 12** into a fully functional notebook when attached or into a desktop when detached. It can be used as a pad to browse the web, read a report or watch a video. Tent mode is ideal for writing or drawing, while display mode lets you comfortably share a presentation, join a videoconference or watch a slideshow.

Built-in dynamism

Thanks to the innovative kickstand, the **Aspire Switch 12** can seamlessly switch through five operating modes, easily adapting to different users and behaviours and boosting efficiency. With Corning® Gorilla® Glass 3, the **Aspire Switch 12** will endure the wear and tear of everyday usage without a scratch. Moreover, it is only 16.5 mm thin and weighs 1.4 kg.

Serious performance

Powered by the latest Intel® Core™ M processor, the **Aspire Switch 12** empowers users to be productive or creative wherever they need to be. The power-efficient architecture enables up to 8-hours battery life to support all-day use for maximum efficiency and productivity.

Business-class productivity

Transition from one mode to another is easy and smooth, thanks to the unique magnetic and latch-less keyboard design. The comfortable full-sized keyboard automatically recharges when plugged into the kickstand and comes with a power button to switch it off and save energy. A Pointing stick offers a complete laptop experience and seamless navigation. The **Aspire Switch 12** can also be paired with the optional Acer Active Pen to draw, paint and take notes more precisely.

Stunning visual experience

Whether you are checking a spreadsheet or watching a video, the 12.5" Full HD display is big enough to work comfortably. It also boasts IPS technology to ensure wider viewing angles.

Acer recommends Windows.

The tablet adopts Zero Air Gap technology, which helps achieve brighter and neater images, superb contrast and better readability under strong light. A special anti-fingerprint coating keeps the display clean and images more vivid.

The best of work and play

Windows 8.1 brings together everything you do, at work, at home, or on the go. In addition, OS and apps update automatically while you work and you get built-in privacy and security protection with Windows Defender and SmartScreen.

Aspire Switch 12 (SW5-271)
