

Bank Syariah Mandiri (BSM)

About the company

One of Bank Syariah Mandiri's (BSM) values is utmost appreciation to humanity and integrity; values deeply rooted within BSM since its early establishment. Established in 1999, BSM has grown into a bank that combines business ideals and spiritual values as the basis of its operation. The harmony of

business ideals and spiritual values creates a comparative advantage of BSM to perform well in Indonesia's banking industry. BSM has 630 branches in 33 provinces and recently won the Best Islamic Bank 2011 in Indonesia Award by Islamic Finance News.

Acer Solution

BSM requires excellent service and prompt delivery time in the implementation of an IT solution. Acer has been consistently exceeding expectations. The Acer Veriton desktop PC has proved to be dependable and has shown great performance benchmark to support BSM's demanding requirements. BSM just launched mobile cash car (Mobil Kas Keliling) that are equipped with Acer Veriton All-in-One desktops to provide a more convenient transaction access to their clients wherever they are.

Testimonial

Khoirul Huda S. Riyadi - IT Operation Head, Bank Syariah Mandiri

"Our partnership with Acer started in 2009 and since then Acer IT solution always succeeds in delivering our expectation. The use of Acer Veriton desktop PC has a significant impact toward BSM's productivity, competitiveness and efficient business process. We hope this partnership will continue for more years to come."
