

# Altos BrainSphere™ T310 F5

Altos BrainSphere™ T310 F5 delivers true server-class features and expandability along with best price-performance technology to assure the success of your business. This single-socket tower server features an 80 PLUS® efficient power supply that runs smoothly and quietly for maximized productivity.

## Smart investment for your growing business

Driven by Intel® architecture, with great memory capacity and high performance, this tower server uses industry-leading 14nm processors that handle large workloads more efficiently. Flexible expansion slots, plus up to 64 TB hot plug HDD for data storage satisfy the demands of your growing business.

## Meeting business needs with best value

Altos BrainSphere™ T310 F5 is packed with dependable server-class hardware, including an integrated Gigabit Ethernet controller for speedy and safe data transmission, and built-in 6-channel SATA with software RAID 0,1, 5 or 10 to ensure data security.

## Fundamental management, easy use

This server provides comprehensive management utilities, Altos Smart Server Manager. In addition, front-panel system health LED indicators let you check the server at a glance.

## Cost-effective expandability, green computing

Altos BrainSphere™ T310 F5 is designed hot plug HDD bay chassis that enables easy component access, reducing maintenance and service costs. What's more, this tower server is equipped with an 80 PLUS® power supply for maximum energy efficiency.

## Accelerate AI development

With Altos BrainSphere™ AI Development Platform API service agent, it integrates system, GPU and AI Deep Learning container management to fast build and deploy AI development environments.

CPU	Processor type	<ul style="list-style-type: none"> <li>Intel® Xeon® E-2200<sup>(1)</sup> and Xeon® E-2100 Processors</li> <li>Intel® Gen 8<sup>th</sup> and 9<sup>th</sup> Core™ i3 series</li> </ul>
